EXPERIENTIAL LEARNING

Experiential Learning is the process of learning by doing. By engaging students in hands-on experiences and reflection, they are better able to connect theories and knowledge learned in the classroom to real-world situations.

Grade3- activity for explanation of the process of germination of seeds by planting them and watering them everyday to see the bud and roots growing

Students of Grade 5 Ambar and Vayu are Learning by Doing (to draw the important latitudes and to prove all latitudes are perfect circle except North Pole & South Pole.)

Visit to organic garden for understanding of parts of plants and types of roots with grade 3

Grade - 4 and 5 Tables Activity: Let's revise and learn tables in the game form. Children learnt tables better outside the class in the form of game than learning from the notebook.

Students of grade-6 learning how to form numbers with the help of cards

By designing wind powered car: students learnt about converting wind energy into kinetic energy and were able to move the car by the force of wind.

Students also learnt about wheel and axle as a simple machine with this model.

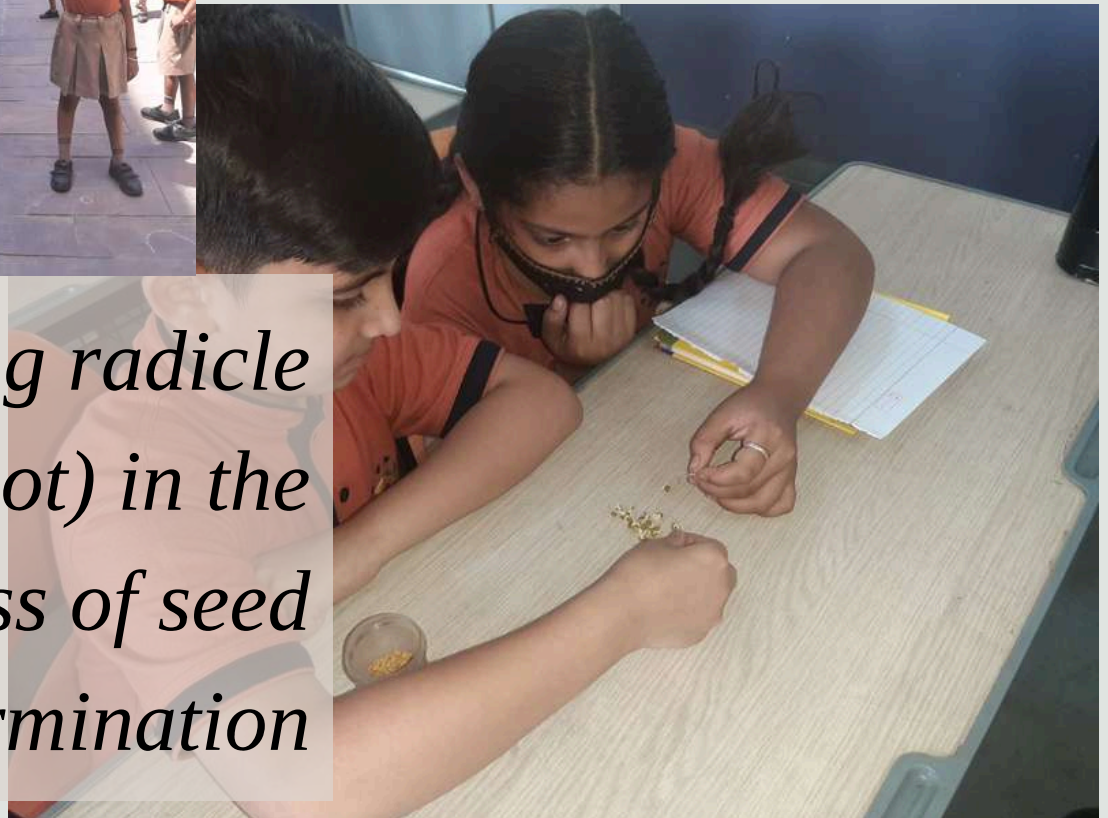

Makers lab

*Today's experiential learning with **grade 10** on Gully erosion and why step cultivation is important*

Observing radicle (baby root) in the process of seed germination

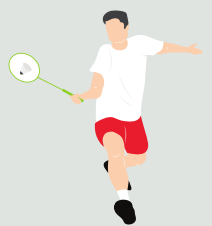

SPORTS

Skate faster, Jump higher because hard work and practice pay off. Its a matter of pride that our Manaskriti minds participated and won the 1st National Fitness Ride Championship. Around 250 skaters participated in the championship held on 16th April '22 at Tau Devilal Stadium Gurugram.

Pihu Dhankar won gold medal and others have got silver and bronze.
🏆🥈🥉 *Congratulations to the participants and their mentor Deepak Sir*

WORKSHOPS

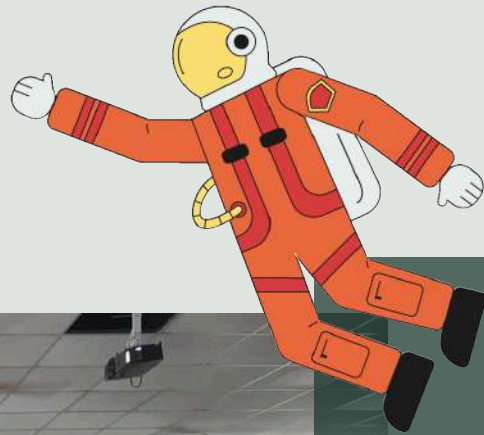

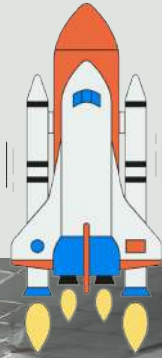

*Be the **Earth Buddy** and **Save Soil**. The session with the volunteers of Isha Foundation to create an awareness amongst the students.*

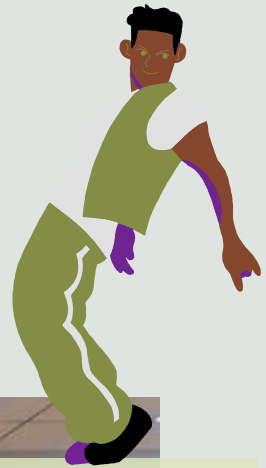

*Emotional Wellness session
where students learnt to share
the strength of their friends
and Appreciation is the key
role of motivation.*

*Space
Explorers
Workshop*

Our students of grade 10 presented two projects at jc Bose university as a part of science conclave !

International Dance day by learning some steps of Hip-hop in the learning session led by the choreographer Mr Gaurav
