Trip to Lansdowne

Dear Parent,
Namaskar!

You will be happy to know that our school is organizing a School trip which involves Experiential Learning for **classes 9th & 12th from 1st October to 3rd October 2026 at Lansdowne.**

School trips and educational tours play an important role in a child's overall development by extending learning beyond the boundaries of the classroom. They provide students with opportunities to experience new environments, observe the world around them, and connect classroom learning with real-life situations. Such experiences promote curiosity, independence, confidence, and adaptability while encouraging students to learn through exploration and direct participation.

Lansdowne: Learning Beyond the Classroom

The trip to Lansdowne will be much more than a getaway - it will be an opportunity for children to learn through real-life experiences. As they explore nature, discover new surroundings, participate in activities, and spend time with their peers, they develop curiosity, confidence, independence, teamwork, and resilience.

Away from the familiar classroom environment, children will learn to make decisions, face new challenges, take responsibility, and support one another. These experiences will help them grow not only academically, but also personally and socially.

Our Lansdowne trip is an opportunity for children to explore, experience, learn, and create memories that last a lifetime.

About the Resort:

The students will be accommodated at Hotel Ravine Palace, Lansdowne, a comfortable and secure mountain resort. The resort offers well-maintained accommodation, hygienic meals, recreational spaces, and facilities suitable for student groups. The premises provide an appropriate environment for students to relax, participate in planned activities, and enjoy a safe and enriching outdoor learning experience.
